

CIRCULAR ON LEGAL METROLOGY
(CHARGING AT/ABOVE MRP)

Dear Members,

1. The above issue had recently come into limelight based on some newspaper articles and statements from authorities. While all facts stated in these reports are not correct, this has led to some confusion amongst members on whether to charge at or above MRP. In this regard, we had previously sent information vide our circulars dated 27th April and 28th December 2015, which is reiterated.
2. This is to inform that in case any commodities/items are being served to customers in restaurants, then the MRP would not apply, and the same may be served at any suitable price.
3. For information of members.

Prakul Kumar
Secretary General
